Your energy bill

Message Center

This bill reflects a BPU approved change, effective February 1, 2019, in the Supply portion of your electric bill resulting from an increase in transmission charges if you receive PSEG's basic Generation Service (BGS). PSEG's BGS is provided to customers who do not have a Third Party Supplier. As a result of these changes, a typical residential customer who purchases supply from PSEG, and uses 740 kilowatt-hours in a summer month and 6,900 kilowatt-hours annually, will see an increase of \$7.68 or approximately 0.62% (The increase for non-residential customers will vary by rate type.). Tariff information may also be found by visiting pseg.com.

Struggling to pay your PSEG bill? The Low Income Home Energy Assistance Program (LIHEAP) application deadline is August 31, 2019. The PAGE and NJ SHARES programs are available for moderate-income households year round. Call 1-800-510-3102, or visit pseg.com/help for more details.

How much electric are you using?

Visit MyAccount for more details regarding your energy usage.

Explaining electric charges

We charge for the electric you use in kilowatt hours (kWh). 1 kilowatt is equal to 1,000 watts.

If you used a 100 watt light bulb, it would take 10 hours of use to equal to 1 kWh of energy.

Price to compare

If you want to consider getting your electric supply from another supplier, compare their price with ours. This month, your cost for energy supply is \$20.55 (or an average of 0.138851 per kWh). This *price to compare* varies month to month, depending on your usage.

Your PoD ID is: PE000012208506147453 – Your PoD ID is your Point of Delivery identification within PSE&G's system. You will need this number if you are considering enrolling with another supplier.
